OFFICIAL PAPER OF THE CITY

No flag but the Old Flag—the Red, White and Blue,
With the stars of a Union unbroken and true!
Arise and defend it! ye sons of the brave,
Whose blood bought the banner your valor must save

MONDAY MORNING, SEPT 22, 1862

Important to Traitors on the Pacific Coast.

The Sacramento *Union* of the 13th has the following dispatch from San Francisco of the same date:

"By telegraph from San Francisco, an item of special importance to the friends of Jeff Davis in California is communicated. The day for the toleration of avowed disloyalty in this State has passed. A Military Commission is to be created to take cognizance of all cases of arrest for disloyalty, under the recent orders from Washington, and one of Senator Latham's Bastiles is to be constructed on Alcatraz Island for the accommodation of the offenders. There is to be no appeal from the decisions of the Commission to the civil Courts, the writ of habeas corpus being suspended in such cases."

We doubt not that the above is a brief synopsis of orders received by Gen Wright from Washington. The Government is determined no longer to submit to disloyal avowals and acts on this coast, but will arrest and punish the traitors.

The Portland *Advertiser* of Saturday, in commenting upon this order, says

"The voice of an American is no more his own; it is hushed, his tongue is in a manner the property of the Administration, and it is virtually parched and withered; there is not a sign of vitality there, and he dare not allow vibration, unless it is to sing peans of praise and honor to Abraham and his party, and to acquiesce in every unconstitutional and despotic whim of the military rulers appointed over him. If this is doubted, read if you please, the lethiferous mandate of Gen Wright, regarding the imprisonment of persons who differ with the party in power, and who, differing, dare express. Read, if you please, the latest intelligence informing us that three Republican conspirators are to judge whether our tongues 'wag' for or against tyrannical sway. Gen Wright is, no doubt, ordered so to do, therefore, we place no blame upon him. *Fellow citizens of Oregon, are you slaves? that you are to be thus the victims of a subjugating power? We speak to you as freemen, not as dogs crouching beneath the tyrants' lash, and we mistake your valor, if you suffer this vile oppression, which is now manifested in your State Legislature, a body setting itself up as the tribunal to judge of your loyalty, and to deprive you of your claims on mere Republican suspicion.*

The *Advertiser* here recommends that its "fellow citizens of Oregon," that is, those who sympathise with that paper, should rise "in their valor" and put down this "vile oppression." In other words, that they should resist, by force, the execution of the order given by Government to Gen. Wright. If this is not counselling treason, we do not understand the language of that paper. It says: "*It is honorable to perish rather than become the abject and willing slaves at the footstool of any modern dictator.*"

We offer no comments upon these quotations. They are sufficiently explicit to be understood by all men.

The same copy of the *Advertiser* contains the following paragraphs:

MILITARY.—The Company of Col Steinberger's regiment of W T Volunteers, styled "F," has been mustered into the service of the U. S. Capt Spencer and Lieut James Halloran were both successful in passing the board of officers appointed to examine them, and have received their commissions. *We are truly glad of our young friends' good luck, more particularly the latter.*"

A good deal of pains has been taken by the *Advertiser* to have it understood that Lieut Halloran is its peculiar favorite. He has been the subject of partisan laudation, repeatedly, in that paper, and the inference seems to be fair THAT HE IS SUPPOSED TO SYMPATHIZE WITH THE TREASONABLE SENTIMENTS *which are continually published in that paper.* We suggest that the persistent efforts for this apparent object may do injustice and injury to Mr. Halloran, and is not likely to render to him any benefit among his fellow officers, or the soldiers who are under him. We do not believe that Lieut Halloran would have been mustered into the service of the United States, had those officers who performed that duty in regard to him believed he sympathized with the political and treasonable doctrines held by the *Advertiser*.

The *Advertiser* of the same date has the following item

PERSONAL.—Lieut Wm Kapus of the W T Volunteer Regiment, Col. Steinberger's,) called on us last evening. He has just been mustered into service, and is appointed Adjutant of the regiment, headquarters of which is at Walla Walla. We are glad of our young friend's prosperity, and hope he may be of eminent service.

We feel authorized to say that Lieut Kapus *did not* "call upon" the editor of the *Advertiser* "last evening." He met the editor accidentally in the street. Lieut Kapus, if we understand him, has no political sympathy with the editor of the *Advertiser* or with the doctrines that are published by him in his sheet; and he must feel mortified at the policy by the *Advertiser* to create the impression that he sympathizes with the editor in the treasonable doctrines of his paper. Lieut Kapus is a Union man—believes in the measures the Government has taken to put down this rebellion and if need be, will give his heart's blood to sustain the Government in that effort. It is scandalous and brutal in an editor, charged with disloyalty, to endeavor to throw the same suspicion upon an officer of the army for whom he professes to have personal regard.

The Scamper of the Rebel Army from Maryland

The rebel army on the Potomac have about terminated their raid into Maryland. It is manifest that they had three objects in view. 1st—By the suddenness of the raid to alarm the friends of the Union and of Baltimore, as they were made to believe a large addition to their force from rebels in Maryland; and 2d—To procure if possible some time food, for which they were in a state of great suffering.

In the first part of the first object the rebels to some extent succeeded. They raised something of a scare, and which had a tendency to answer the secesh dream at the outset. The second object they had in view, viz: to increase their army in Maryland, was a failure. They found but few Marylanders who wanted to join their fortunes with the rebels. That there were a few that did thus, we suppose to be true. If old Billy Whiteaker went to get up an army on Long Tom, we have no doubt he would receive some accessions to his force even from this part of the State, where we are generally loyal. There are secesh to be found occasionally almost everywhere. Even among the Apostles there was one of these characters. The raid was chiefly intended to secure food. The rebels robbed everybody, Union as well as secesh, took their stock and their flour—everything that could be used to keep soul and body together—and they were, at the last dates, scampering back to the sacred soil, where they will soon consume their plunder.

And thus has ended their tremendous threats of taking Washington, Baltimore and Philadelphia, and bagging McClellan.

And in Kentucky, at the last accounts the rebels are not seemingly getting along any better. They swear terribly, and threaten largely. They were in full retreat on learning that Gen. Buell was in the way of paying his respects to them.

Government is now collecting the new levies, and we shall soon hear of forward movements. The rebels are rapidly exhausting their means of support.

The *Mountaineer* of the 20th says, that a party of four Frenchmen coming across the plains to Powder river the present season and struck a good thing on Powder river. They had trouble among them, and one of the number administered poison to the other three. One died immediately and the two others narrowly escaped death. The facts raised great excitement in the mines; the supposed murderer was arrested, and at last dates he was under trial. If he should be found guilty, it was the determination to hang him forthwith.

GEN STEVENS.—The news that General Stevens, of Washington Territory, was killed in one of the late battles on the Potomac, we fear is true. Gen. Miller, of Olympia, some days since, received a letter from the General, dated on the Potomac. We most sincerely lament the fall of this distinguished man. He was an able and energetic officer, and his heart was devoted to his country. He

Sinks to rest,
With all his country's wishes blest."

DISAPPOINTED.—The rebels have evidently been greatly disappointed in Maryland and Kentucky. They expected to be joined by thousands in each of those States as soon as they made their appearance in force. In Maryland they calculated on obtaining fifty thousand recruits, or pretended they did. But they find that their ranks do not increase.—The people do not join them. There is a reason for this which the leaders did not see. They are in these States very much in the position occupied by the Union armies in Tennessee and in North Carolina. The Union men in those States were so much in dread of a reverse of the Union arms and a return to power of the rebels, that they dared not avow their Union sentiments. If they did so and were again to fall into the hands of the rebels, their lives and their property would be taken. As a consequence they remained quiet. In Kentucky and Maryland the rebel armies are in a similar situation. The Secessionists at heart around them are cautious about demonstrating their sympathies with rebellion; they believe the rebels will be driven back, themselves again left in the power of the Federal armies and therefore they dare not openly join the rebels. This accounts for the disappointment they have experienced in their invasion of those two States. Neither would they have entered those States with such limited numbers had they not been confident of being joined by thousands on the march. That this was their calculation is evident, for in each of those States the invading army has selected a position and commenced to fortify so as to enable it to hold on until reinforced from the rebel States. Unless they are reinforced, the commanders of the rebel forces in Kentucky and Maryland will be forced to surrender with their commands. Their numbers are so small as to render it impossible for them to maintain themselves for any length of time without large reinforcement. The policy of our Generals seems to be to keep matters in their present condition until the new recruits are mustered in, organized and equipped. They appear disposed to avoid a battle, unless attacked, until after they are able to bring more men into the field than the rebels can command.—*Sac Union*

SAN FRANCISCO, Sept 14

Wm M Lent and Wm Chapman telegraphed to the Secretary of War offering one thousand or twelve hundred men for the war to be landed in Aspinwall all expenses paid. Four of the subscribers to the fund for those troops will give each $10,000 and one of them agrees if the offer is accepted that he will give $10,000 and serve as a private in the regiment. I believe Chapman is the man who makes this offer. The war spirit is thoroughly aroused among all classes here.

The relief meeting to-night promises to be a rouser. The Bay City is good for one hundred thousand dollars to the relief fund by the next steamer.

PRINTER SOLDIERS.—Geo Dawson, of the Albany *Journal*, whose only son has been for a year in the army, has just offered to give $50 to every unmarried printer, and to appropriate $4 per week for the support of every married printer's family who shall enlist in the Albany regiment.

DATES TO SEPT. 13.

FIGHT AT HARPER'S FERRY

Repulse of Rebels.

McClellan and Hooker at Frederick.

RETREAT OF REBELS.

YREKA, Sept. 16.—Cincinnati, Sept 12.—A skirmish yesterday afternoon resulted in the capture of 20 prisoners. They report the rebel army in good spirits. Kirby Smith made a speech to the army on Wednesday, the 10th, assuring them that he would quarter in Cincinnati in a few days. Prisoners say that Bragg reinforced Smith with twelve regiments. At 10 o'clock this forenoon the rebel army fell back; their pickets are now 5 miles from our lines.

BALTIMORE, Sept 12.—From a reconnoissance in the vicinity of North Mountain, 7 miles from Williamsport, it was thought that Lee and Jackson re-crossed the Potomac near that town. It was thought Longstreet would cross further up the river.

Chicago, Sept 13.—From all reports received, we judge it is the intention of rebels to leave Maryland by way of Williamsburg. With the force they first threw over the Potomac at or near Edward's Ferry, they could not hope to hold their position, and the only object they could have had in view was gathering supplies, of which doubtless they carried away immense quantities.

Cincinnati, Sept. 12.—The rebel army has fallen back beyond Florence. The strength of the rebels is estimated by prisoners at from 10,000 to 20,000, only half of which came this side of Florence. Prisoners say retreat was made because they heard of Buell's advance into Kentucky. Our scouts last night reported enemy retreating in confusion, to Florence, ten miles southwest of Cincinnati.

St Joseph, Sept 12.—The guerillas did no damage to Palmyra this morning, they remained but a few hours.

WASHINGTON, Sept 12.—At an early hour yesterday morning, a portion of one of our divisions drove the rebels from Sugar Loaf Mountain, a point of much importance in Frederick county, Md. Some resistance was made, but it was overcome with a loss of half a dozen Federals killed and wounded.

BALTIMORE, Sept 12.—A gentleman who left Frederick yesterday afternoon, says that on Wednesday afternoon heavy firing was heard in the direction of Harper's Ferry.

The secessionists are much troubled about the news received from that quarter, which was to the effect that rebel Gen Loring had crossed the Potomac at Williamsport and was marching towards Harper's Ferry, where he had commenced attack on Federals, who opened masked batteries and repulsed them with great slaughter, and captured many prisoners.

Our informant says rebels commenced moving from Frederick Tuesday night,—their force numbering about 30,000. They moved in retreating order with trains in advance. He thinks they do not intend invading Pennsylvania, but have been driven into Maryland for supplies. This confirms the previous accounts of the utter wretchedness and destitution of the rebel hordes. The rebels abandoned Westminster and marched forward to Hagerstown.

PHILADELPHIA, Sept 12.—Heavy rains this morning caused the overflow of Schuylkill river, doing immense damage estimated at a million dollars. Five persons were drowned.

NEW YORK.—A citizen of Frederick, Md., arrived yesterday, having left after the evacuation. He says the rebel force was estimated at from 50,000 to 60,000. His neighbors had lost all their cattle, provisions, blankets—everything that could be applied to the use of the army—being taken by rebels who paid for nothing. But few Marylanders had joined them.

Sloop-of-war Adirondac has been wrecked off Man of War Point. The crew were rescued by gunboat Canandaigua.

The bark Fanny Lowry, from Nassau, was captured off Charleston, with cargo of salt, arms and ammunition.

WASHINGTON, Sept 13.—The Government has completed arrangements for the settlement of free colored persons in Central America,—the precise place depending on circumstances. Senator Pomeroy will conduct the expedition. He has full power in the premises, and will start early in October with five hundred persons all provided with implements of husbandry. Four thousand colored persons have informed Pomeroy of their desire to avail themselves of the President's colonization scheme.

15,000 men, under Buell, leave Nashville, it is thought, to pay respects to Kirby Smith's rear. 8,500 of Rosecrantz's army arrived at Nashville to-day.

LOUISVILLE, Sept. 12.—Two soldiers from Cumberland Gap report that Gen. Morgan made a foray through the rebel lines and captured enough provisions to subsist his men sixty days.

CINCINNATI, Sept 13.—Government, to-day ordered home militia for defense of border.—The Cincinnati troops returned to the city this afternoon, their services being no longer required as the army here is sufficient. It is reported that Charleston, Va., has been evacuated and burned by Federals, who are falling back towards the Ohio river.

BALTIMORE, Sept 13.—Our information in regard to the crossing of the Potomac is from the most reliable source. A dispatch from Frederick, dated noon, to-day says firing was heard in the direction of Harper's Ferry.—Gen Hooker took possession of Frederick last night. McClellan entered that city this morning. We captured a rebel wagon train.

The full accounts from Baton Rouge increase the brilliancy of our victory at that point. The affair looks better the more we hear of it, and the Federal army is spared that last disgrace of an American citizen, to be whipped by that sneaking traitor Breckinridge.

UNITED STATES STOCK.—The day on which President Lincoln was inaugurated—March 4, 1861—United States six per cent stock sold at 92½. After increasing the public debt which then stood at $76,455,000, to $500,000,000, the stock was selling, on the 25th of August, in the market, at 94.

THE BRODERICK ESTATE.—A portion of the Broderick estate was sold in San Francisco, September 13th, for $170,350. This property has much increased in value since the Senator's death.

EXTRA PAY.—General Corcoran will realize about fourteen hundred dollars in extra pay, by reason of his commission as Brigadier being ante dated to July 21, 1861.

The Japanese Government announces its intention to buy and fit out vessels for the extension of native commerce.

Farmer's Boys.

We take the following from the *Valley Farmer*. We commend it to the attention of every farmer's boy. Parents should also point it out to their sons, and if necessary, read it over to them.

In the wide world there is no more important thing than farmer's boys. They are not so important for what they are as for what they will be. At present they are of little consequence too often. But farmer's boys always have been, and we presume always will be, the material out of which the noblest men are made. They have health and strength, they have bone and muscle, they have heart and will, they have nerve and patience, they have ambition and endurance, and these are the materials that make men. Not buckrams and broadcloth, and patent leather and beaver fur, and kid gloves and watch seals, are the materials of which men are made. It takes better stuff to make a man. It is not fat and flesh, and swagger and self conceit, nor yet smartness nor flippancy, nor foppery, nor fastness. These men make fools, not men, not such men as the world wants, nor such as it will honor and bless.

Not long hair, nor much beard, nor a cane, nor a pipe, nor a cigar, nor a quid of tobacco, nor an oath, nor a glass of beer or brandy, nor a dog or gun, nor a pack of cards, nor a novel, nor a vulgar book of love and murder, nor a tale of adventures, that makes a man, or has anything to do with making a man. Farmer's boys ought to keep clear of all these idle, foolish things. They should be employed with nobler objects. They have yet to be men of clear grit, honest, intelligent, industrious men—who shall love their country and their kind. With the means they possess how easy for them to be in fact first class men. They have land and stock and tools, they have health and time and mind, they have schools and churches and papers; they have books and perseverance, and the heart and hand for work. More than this they need not. Let them awake and work and read and study. It is not all work, nor yet all study, that will make them men of the right stamp. They must work intelligently, and study with an earnest purpose of being benefitted, and then they will become what they ought to be, the real men of the world.

POETRY OF NATURE.—There is a language—not of words, but of things. When this language shall have been made apparent, that which is human will have answered its end; and being, as it were, resolved into its original elements, will lose itself in nature. The use of language is the expression of our feelings and our desires, the manifestations of the mind. But nothing which is, whether animal or vegetable, is as full of the expression of that use for which it was designed, as our language, as its own existence. If we did but understand *its* language, what could our words add to its meaning? It is because we are unwilling to hear, that we find it necessary to say so much; and we drown the voice of nature with the discordant jargon of ten thousand dialects. Let a man's language be confined to the expression of that which actually belongs to his own mind, and let him respect the smallest blade which grows and permit it to speak for itself. Then there may be poetry which may not be written, perhaps, but which may be felt as a part of our being. Everything which surrounds us is full of the utterance of one word, completely expressive of its nature. This word is its name.—*Cor. Boston Cultivator.*

Of all diseases the first great cause
Springs from neglect of Nature's laws.

To the Afflicted!

Suffer not when a cure is guaranteed in all stages of secret diseases—Self Abuse, Nervous Debility, Syphilis in all its stages, Strictures, Gleet, Gravel, Diabetes, diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus Dance—and all diseases arising from a derangement of the sexual organs—such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision, with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Diseases, Eruptions upon the Face, Pains in the Back and Head, Female Irregularities—and all impure discharges of both sexes. It matters not from what cause the disease originated, however long standing, or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines prescribed are pleasant without odor, entirely vegetable, causing no sickness and free from mercury or balsam. During fifteen years of practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted who may place themselves under my care, a speedy and permanent cure. Private diseases are the greatest enemies to health, as they are the first cause of consumption, scrofula, and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected—a majority of cases falling into the hands of incompetent persons who not only fail to cure the diseases but ruin the constitution, filling the system with mercury which with the disease hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily, and the victim marries the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

Self abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system—drawing its thousands of victims through a few years of suffering, down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices, my patients can be restored to robust, vigorous health.

Irregularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures.—Medicines with full directions sent to any part of the State of Oregon and Washington Territory by patients communicating their symptoms by letter.

All business correspondence strictly confidential. Address DR. L. J. CZAPKAY, Medical Institute, Sacramento street, below Montgomery, opposite Pacific Mail Steamship Co.'s Office, San Francisco.

Remarkable Instance of Medical Relief

Below we publish the certificates of three of the sufferers from the pangs of disease, who having recovered their former health and impelled by gratitude, make known their cases and remedial agent and their statements are authenticated by a Notary Public. Their demands for very imperiously command their publicity, and we commend their perusal to the attention of all afflicted.

Certificate.—The undersigned, desirous of acquainting those who may be unfortunately in a plight, to be similarly afflicted, where a permanent relief of their sufferings may be obtained, feels it his duty to thus publicly express his most sincere gratitude to Dr. L. J. Czapkay for the entire recovery of his health. [illegible] the distressing symptoms incident to the vice [illegible] of a miserable [illegible] physicians, who after [illegible] my disease [illegible] patient [illegible] weeks, and in several instances months of their treatment, I found to my utter astonishment that instead of relief, my symptoms became more alarming in their [illegible] and I was told by one that my disease being principally confined to the brain, medicine would be of little consequence. I despaired of ever regaining my health, strength and energy, and as a last resort, and with but a faint hope, called upon Dr. Czapkay, who, after examining my case, prescribed some medicine which almost instantly relieved me of the dull pain and dizziness in my head. Encouraged by this result I resolved to place myself under his care, and by a strict obedience to all his directions and advice my health and mind were restored. [illegible] the weakness of my limbs, the nervous tremor of my whole body, the slightest alarm, every [illegible] and evil forebodings, the [illegible] others, the frightful, exciting [illegible] night [illegible] and in fact in two months after [illegible] but a slight [illegible] hand. DR. L. J. CZAPKAY: Sir [illegible] I have used the last of your medicine and I [illegible] think I shall [illegible] any more as I feel very well except that I have not entirely got my strength yet, but [illegible] with the appetite I have. It is just three weeks [illegible] your Institute with my constitution as I [illegible] entirely, and never thought [illegible] to come me that you could [illegible] might be able to do something to ease the pain in my back and head and strengthen my nerves, so that I would not get excited and tremble at everything. Now that you know what I expected you may judge of my satisfaction at my complete recovery from those symptoms and the removal of those sores and blotches from my skin and the ulcers in my throat and the nitrate of potash of the emissions which you said were principally the cause of my sickness. I can hardly tell you what it is, the greatest joy of my life, for except not having fully got my strength I feel as well as any man can feel.

Enclosed I send you twenty dollars over your charge and think myself cheaply cured. If you think [illegible] will be of benefit you may put this letter in the newspapers. Be it to you gratefully yours. THOMAS HAYDEN.

Thankfulness is the incentive to gratitude.

CERTIFICATE.—Prompted by an honest desire of my heart, I wish to lay before the public a case which deserves a commendation not only as an act of scientific skill but that of humanity. About two years ago I suddenly, and from cause unknown to me, was seized with a fit of epilepsy, which owing to my inability to meet the expenses consequent upon a thorough medical treatment, and the discouragement which I met with on attempting it soon became such (I was then led to believe) as to defy the skill of any physician. I was frequently while in pursuit of my calling, thrown down to the ground without the slightest warning, and although insensible to the agonies, I yet deplored the miseries of my life and soon learned to look upon those who would render assistance or shelter me from danger as enemies who sought to prolong the existence of my miseries. While in this state and having previous to my affliction tasted the sweets of life, I once more was induced to attempt seeking aid of a physician, and by recommendation called upon Dr. L. J. Czapkay. I told him of my circumstances, of my inability to reward him for his services, regardless of which, however, he at once undertook my case, and with the blessing of God I was once more restored to perfect health. Unable to reward him for the boon which I enjoy at present and ever conscious of my indebtedness I consider it but my duty [illegible] to make the case public, in order that those in need of medical advice may find a physician in whom every confidence can be placed.
